DESCRIPTION AND PRODUCT BENEFITS:

RECOVER is a top-tier, solvent-based liquid silicone dressing designed specifically for professional detailers. Ideal for use on vehicle vinyl tops, rubber tires, and trim. RECOVER offers exceptional water resistance, ensuring that rubber and vinyl surfaces stay clean and glossy for an extended period.

DIRECTIONS OF USE AND APPLICATION:

1. Preclean the areas of application to ensure dust, dirt, and grime is removed. 2. Apply RECOVER with a solvent resistant trigger sprayer or a dedicated soft cloth applicator. 3. Allow RECOVER to dry or wipe down with a soft, clean lint-free rag. *Tips: Do not dilute the product, use as is.*

PRECAUTIONS:

Sling-off from freshly dressed tires may cause permanent staining of some plastic panels; DO NOT DRIVE THE VEHICLE UNTIL EXCESS HAS BEEN WIPED OFF, especially where the tire contacts the rim. Dressing alone will not cause staining. RECOVER can make surfaces slippery. DO NOT APPLY TO SEATS, STEERING WHEEL, OR FOOT CONTROLS. Do not mix with other chemicals. Keep from freezing.
