

TOP HAT

SOLVENT AND SILICONE DRESSING

PRODUCT CODE: 164

**NEW
V.O.C.
COMPLIANT**

**DESCRIPTION AND
PRODUCT BENEFITS:**

TOP HAT is an exceptional, VOC-compliant silicone/solvent dressing with a refreshing blossoming cherry fragrance. Easy to apply, it levels swiftly and provides a durable, glossy finish. Ideal for use on tires, moldings, bumpers, vinyl trim, and vinyl roofs. Apply TOP HAT with an applicator to ensure a level high gloss look. Its long-lasting, water-repellent formula makes it perfect for weather conditions in North America.

**DIRECTIONS OF USE
AND APPLICATION:**

1. Preclean the areas of application to ensure dust, dirt, and grime is removed. 2. Apply TOP HAT with a dedicated applicator such as the Crescent Tire Dressing Applicator (B40114). 3. Allow TOP HAT to dry or wipe down with a soft, clean lint-free rag. *Tips: Do not dilute the product, use as is.*

PRECAUTIONS:

Sling-off from freshly dressed tires may cause permanent staining of some plastic panels; DO NOT DRIVE THE VEHICLE UNTIL EXCESS HAS BEEN WIPED OFF, especially where the tire contacts the rim. Dressing alone will not cause staining. TOP HAT can make surfaces slippery. DO NOT APPLY TO SEATS, STEERING WHEEL, OR FOOT CONTROLS. Do not mix with other chemicals. Keep from freezing.

HEALTH & SAFETY INFORMATION:

For further information on the safe handling, storage and precautions for use of this product, consult the Safety Data Sheet. Keep out of reach of children.

DISCLAIMER:

As the actual conditions of use are out of our control no liability is accepted for any loss or damage caused directly or indirectly through the use of our products. Intending users should satisfy themselves, by carrying out appropriate tests, as to the suitability of this product for any particular purpose.
